

K-LOVE provides me with uplifting spiritual music anytime of the day or night. I don't think K-LOVE should be displaced by any LPFM broadcasters because I believe small broadcasters should be provided the same opportunity as any other broadcaster. I believe the service K-LOVE provides to the public is needed as an uplifting spiritual support to all people in these days when godliness is in short supply and the love of God is desperately needed in our nation today. Thank you and may God bless you.  
sincerely, Mark McDermaid
